

BILH Simulation Symposium

Carl J. Shapiro Simulation and Skills Center

Friday, June 5, 2026 | 8:00 AM–12:30 PM

8:00-8:30AM

Breakfast and Registration

8:30-9:00 AM

Welcome

Daniel Ricotta, MD, SFHM, Senior Director Carl J. Shapiro Simulation and Skills Center, BIDMC

Rich Schwartzstein, MD, Executive Director, Carl J. Shapiro Simulation and Skills Center, BIDMC

Dmitry Nepomnayshy, MD, MSc, Director of Simulation and Professional Development, Lahey Hospital

9:00-10:00 AM

Keynote – *Recasting Simulation as an Engine of Clinical Readiness*

Christopher Roussin, PhD

Senior Director, Applied Learning for Performance & Safety (ALPS) Team
Center for Medical Simulation

Lecturer in Anesthesia, Harvard Medical School
Faculty, HMFP

10:10-10:15 AM

Break

10:15-11:00 AM

Workshops (Choose 1 to attend)

Meeting Learners Where They Practice: Bringing Simulation to the Clinical Environment – Videoconference Room

Robbin Miraglia, PhD, RN, Simulation and Skills Education Specialist, Carl J. Shapiro Simulation and Skills Center

Sharing Good Judgement: How to Engage in Meaningful Debrief

Conversations - Multipurpose Room

Sarah Ohnigian, MD, Director of Research and Innovation,
Carl J. Shapiro Simulation and Skills Center

Measuring the Value of Simulation in Medical Education – SC-0101A
(Behind Panera)

Dmitry Nepomnayshy, MD, MSc, Director of Simulation and Professional Development, Lahey Hospital

Carla Lamb, MD, FACP, FCC, Diplomate of AABIP, Associate Director of Simulation and Professional Development, Lahey Hospital

William C. Faust, MD, Director of Surgical Simulation, Lahey Hospital
Erin Brady, BSN, Simulation Operations Manager, Lahey Hospital

BILH Simulation Symposium

Carl J. Shapiro Simulation and Skills Center

Friday, June 5, 2026 | 8:00 AM–12:30 PM

11:00-11:15 AM Break

11:15-12:00 PM Presentations of Simulation Projects

- *Hot Glue, Hope, and Humility: A Failed Task Trainer Attempt at Innovation*
Brittany Nation, RN, BSN, CWON
- *Laser Focused: Crafting a 3D-Printed Task Trainer for Laryngeal Laser Microsurgery*
Lauren Schlegel, MD
- *Simulated and Targeted Addiction Training for Residents (STAT-R): A module-based approach to withdrawal management*
Pooja Sarkar, DO
- *An Immersive Virtual Module for Dementia-Focused Neuroimaging Education*
Yelu Zhang, MD
- *Evaluation of Automaticity Training in Ultrasound-Guided Procedures: From Simulation to Clinical Translation*
Jacqueline Hannan, PhD

12:00-12:30 PM Closing Remarks and Networking Lunch
